

## **SICALNIT-L PLUS**

# Liquid Calcium Nitrate solution containing Magnesium and Micronutrients

## 1. PRODUCT SPECIFICATIONS

#### \* ANALYSIS

Total Nitrogen (N)	10%	
of which Nitric N (N-NO3)	9%	that is 150 g/l
Total Magnesium Oxide (MgO), water soluble	2%	that is 30 g/l
Total Calcium Oxide (CaO), water soluble	15%	that is 225 g/l
Total Boron (B), water soluble	0.05%	that is 0.75 g/l
Total Copper (Cu) EDTA chelated, water soluble	0.04%	that is 0.6 g/l
Total Iron (Fe) EDTA chelated, water soluble	0.05%	that is 0.75 g/l
Total Manganese (Mn) EDTA chelated, water soluble	0.1%	that is 1.5 g/l
Total Molybdenum (Mo), water soluble	0.001%	that is 0.015 g/l
Total Zinc (Zn) EDTA chelated, water soluble	0.02%	that is 0.3 g/l
pH range to guarantee a good ETDA stability	2 - 8	

#### \* SPECIFICATIONS

 $\begin{array}{lll} \text{Density} & 1.50 \\ \text{Product pH} & 4-5 \\ \text{pH at } 0.5\% \text{ dilution} & 7.5 \pm 0.25 \\ \text{pH at } 1.0\% \text{ dilution} & 7.5 \pm 0.25 \\ \text{Store} & \text{at } +5^{\circ} \text{ C. min.} \end{array}$ 

## 2. PRODUCT DESCRIPTION

**SICALNIT-L PLUS** is a calcium nitrate solution containing magnesium and trace elements.

**SICALNIT-L PLUS** is a must-have nutritional flow component that optimises fruit and vegetable calcic nutrition and improves fruit quality. It reduces sensitivity to impact and increases shelf life.

**SICALNIT-L PLUS** is to be applied just after blossom (fruit setting).

### 3. USE AND DOSAGE

\* Foliar application. Do not mix **SICALNIT-L PLUS** with concentrated phosphate or sulphate solutions.

#### DOSAGE:

- Peppers, cucumbers and tomatoes: 400 cc/hl or 4 l/ha, after fruit setting. To be repeated 3 to 4 times every 8 to 15 days.
- Orchards: 3 to 4 x 5 l/ha every 8 to 15 days for apple, pear, cherry, apricot, peach, plum and olive trees. Begin treatment when petals start to fall.
- Turfgrass: Apply 1 litre per 1000 m<sup>2</sup> every 2 months in 100 litres of water

## 4. PACKING

- 10 ltr green reinforced cans, 500 ltr/shrinkpallet, 10000 ltr/20' fcl

## **EC FERTILISER**
