SICOCOTE®: EVERY TIME THE RIGHT SOLUTION & CONTROL

## SICOCOTE® SUPER -A (Agriculture)

*Highly efficient, economical and eco-friendly fertilisation of agricultural crops.*

27/4/2017

- Solely dependent on soil temperature and not on factors as soil pH value or bacterial life.
- Advanced polymer coating technology -> healthy, stress-free crop growth.
- Economical as less fertiliser and single application for the whole growing season.
- Extended longevity up to 6 months.
- Predictable release curve.

<b>PRODUCT SPECIFICATIONS for universal base application (A1 + A3 + A4 + A5) or for rice (A2)</b>	Sicocote Super -A Coated N (3 M)* 43.00.00	Sicocote Super -A Standard/Rice (4-5 M) 16.08.14	Sicocote Super -A High N (2-3 M) 26.05.11+3MgO	Sicocote Super -A High P (2-3 M) 16.25.10+2CaO	Sicocote Super -A High K (2-3 M) 15.00.25+3CaO

**Highly efficient and economical**

- Apply only once and save cost and time
- Improved yield results thanks to the right combination of nutrients and release curve
- Reduce transportation and warehousing costs

**Environmentally friendly**

- Practically no leaching or volatilisation of nutrients
- Organic based polymer coating degrades naturally in time
- Less fertiliser necessary to achieve optimum results
- Safe to soil microorganisms

**Precise, controlled nutrition**

- Reliable polymer coating secures uninterrupted nutrition for up to 6 months
- Uniform, well-balanced and stress-free crop development due to predictable release
- Full package of nutrients promote healthy and stress-resistant growth without deficiencies
- Nutrient release not influenced by rain, irrigation, soil composition, soil pH-value or bacterial life

**PACKAGING** : 25 kg dual layer pe bag with anti-slip varnish (pallet loading: 40 x 25 kg) or 500 kg pp big bag

**APPLICATION** : Best results are achieved when applied correctly at the root zone. As climate, crop and growing conditions differ, please contact your agronomist of us for specific product and application advice.

**STORAGE AND SAFETY** : Store in unopened original packaging in a dry place protected from frost, heat or direct sunlight. Once opened reseal tightly and keep in a dry place.
