REMARKS & GENERAL INFO

- All products in our SICORGAN GEL organic plant nutrition range that contain organic matter are black colored. Can Email video for your info on request.
- Item 9 : NPK 25-13-18 + 1.5 AA free, pH 5-6 : has standard light brown color but can be produced in 3 other colors: red, blue and green.
- Item 12 : SICORGAN SEAWEED GEL MIX, 4% N + 16% algae + TE, pH 5-6 : has the characteristic green color of seaweed and we use in our production process only E.U. origin seaweed (no Chinese origin). Can Email video of a production.
- Products that contain copper in their formulation usually have a blueish color (photo on request).
- Our above products have not a bad smell, so they are perfectly marketable. Since these products are organic, they have a shelf life of min. one year. We always recommend an appropriate procedure in their storage to avoid the loss of nutrients.
- We can supply the above products also under our other existing brands of organic solid NPK's such as NATURACTIV/PRIMOGREEN/SICO-ECOGRO/GREEN PLANET and SICO-ECOPROF so you can market this new GEL range under same brand.

PACKAGING & STORAGE
